

Colorectal Cancer Control

Florida Colorectal Cancer Control Program

Funded by the Centers for Disease Control and Prevention

The Florida Screen for Life Program is funded to provide limited colorectal cancer screening services to low-income men and women aged 50-64 years who are underinsured or uninsured for screening. The program is designed to meet the screening needs of individuals who are at average risk for colorectal cancer and who meet other eligibility requirements.

Eligibility

You may be eligible for free colorectal cancer screening if you meet these requirements:

- Age 50 to 64
- Underinsured or uninsured for colorectal cancer screening
- Household income below 200% of [Federal Poverty Guidelines](#)
- Have not had colorectal cancer
- Do not have symptoms of colorectal cancer
- Do not have rectal bleeding
- Do not have inflammatory bowel disease
- No immediate family members ever had colorectal cancer
